Rules for the filling of materials for publication

The total volume of materials (the manuscript of a scientific article with all its elements) is **0.25–0.5 album sheets** (10–20 thousand characters with spaces, 4–8 pages of A4 format).

Materials are provided in the following form: MS Word editor (*.doc and *.docx formats are allowed); **Times New Roman font** (*others are not accepted*); 14th size; line spacing – 1.5; without hyphenation; width alignment; paragraph indentation – 1.25 cm; margins – 2 cm. Pages are not enumerated.

The list of sources and literature is drawn up in alphabetical order (at the same time, publications in Cyrillic are indicated first, then in Latin, etc.), for literature, specifying the name of the publishing house and the full number of pages of the publication is mandatory. All publications from the list should be quoted in the text. **In-text links** should have the following form, for example: [1, p. 10] – for a link to a specific page of the source in the list of references, [1] – for a link to a source in the list of references as a whole. Two or more sources in the same link are separated by a semicolon. In-text bibliographic references are issued in accordance with GOST R 7.0.5-2008 and GOST R 7.0.108-2022.

The article is accompanied by an **abstract** of 350–400 characters with spaces (3–4 sentences), and **5 keywords and (or) phrases**.

If there are figures and tables, a link to them in the text of the article is mandatory. For example: (fig. 1), (table 1). Illustrations (diagrams, graphs, photographs, etc.) and captions to them should be provided as separate files. Figures must have a resolution of at least 300 dpi and be in color and (or) black and white. The special fonts used in the text are sent together with the word and pdf versions of the manuscript of the article in a separate file.

The files should be named according to the surname of the author or the first author (for example: Ivanov_article.docx; Ivanov_application.docx; Ivanov_information about the author.docx). The number of authors is no more than four. **One participant can be the author of no more than one article.** The manuscripts of the articles of students, undergraduates and bachelors are not accepted for consideration. Postgraduates need to provide information about the academic supervisor.

The authors are legally and otherwise responsible for the content of the materials. **The originality of the manuscript of the article should be at least 75% according to <http://www.antiplagiat.ru>.**

The material provided must be carefully verified and edited. The Organizing Committee and the editorial board reserve the right to select articles for publication in the collection. Materials that do not correspond to the scientific problems proposed for discussion, the requirements for filling and sent after the specified period are **not allowed for consideration** and will be rejected.

The order of presentation of the material in the manuscript of the article:

1. Universal Decimal Classification. Can be found at: <http://teacode.com/online/udc/>.
2. Surname, name and patronymic of the author(s) in the original language.
3. Title of the article in the original language.
4. Abstract in the original language.
5. Key words and (or) phrases in the original language.
6. Items 2–5 in English.
7. Text of the article in the original language.
8. List of sources and literature in the original language.
